- Next.js

## PROJECTS

- CodBot - [github repo](#). Personal project for me and my friends. This is a Discord bot which was developed in Node.js. Project is complete and has a non hosted website on my github.
- CandyChaser - [store link](#). This an endless runner game that I created in c# when I completed my PLC course. This projects purpose was for practice while I waited to start college.
- Portfolio Website - currently working on my personal portfolio website. It is not hosted as it is not yet complete. Code can be demoed.
